Dear resident,

I am writing to you as a local Saunderton resident to give you an update on work Wycombe District Council is doing to look more closely at the case for expanding Saunderton village to add new homes and put in local infrastructure and community facilities to support possible growth.

You are probably aware of active planning applications for housing developments at the former Molins site and West Yard. Because Saunderton is in an Area of Outstanding Natural Beauty (AONB) and in Green Belt land we need to think very carefully about what will help and what will harm the village.

I head up an independent group of Councillors, the Task and Finish Group (TFG) and it is my job to review whether or not the Council should progress with detailed research work to explore possible options for the future growth of Saunderton.

The Task and Finish Group will meet with the local Parish Councils and other community groups and will also hold a public meeting on 7 October at 7pm at the Clare Foundation.

This public meeting will be open to all local residents in Saunderton and will enable the TFG to hear your views directly. If you would like to come, it is essential that you book your place by email to saundertonmeeting@wycombe.gov.uk or by calling 01494 421261.

It is important that your views are heard to establish how the Council might move forward.

Information and updates will be on the Council's website at www.wycombe.gov.uk/newlocal plan 'Rural Areas'.

Yours faithfully

John Savage

Cllr John Savage
Chair, Task and Finish Group, Wycombe District Council
